

The Atheist Delusion

'The New Atheism'

Some arguments to avoid

1. Arguments from personal incredulity
2. Arguments from authority
3. Unjustified overconfidence
4. Irrational resistance to change
5. Ridicule and caricature

Some important distinctions

1. Against naturalism, not against science
2. For Christianity, not for religion
3. Science and God provide different 'levels' of explanation

1. The Christian faith accounts for the predictability and intelligibility of the universe

2. The Christian faith accounts for the fine-tuning of the universe

3. The Christian faith accounts for the historical evidence for miracles

4. The Christian faith accounts for human moral awareness
