AFTER HOURS

Most of us have an opinion about the big issues that dominate the news headlines – the credit crisis, violent crime, poverty. But how often do we have a chance to talk about these things, to think again, to hear a different point of view?

After Hours is your opportunity to talk about the issues that matter to you, to listen to what other people have to say, and to hear a Christian perspective.

Relax over a drink in Costa Coffee, Southgate, listen to live music from saxophonist André Brown, watch some video footage to get things started, and see where the conversation leads.

Entry is free, you only need to pay for your coffee. Everyone is welcome, from any religious perspective. There's no need to book. Come alone or bring a friend. Sit back, relax, and think again.
